Just 1.5 hours from the Twin Cities, nestled comfortably within a landscape of winding riverways, soaring pines and incredible wetlands, you'll find Burnett County, Wisconsin. Boasting over 500 pristine lakes and more miles of the St. Croix Riverway than any other county, Burnett County is the perfect place for families to enjoy the outdoors - to reconnect with both nature and one another. A haven for water enthusiasts of every level, families can experience quiet evenings canoeing around the lakes or boisterous afternoon tubing and waterskiing across hundreds of recreational lakes.

But the fun doesn't stop where the water meets the shoreline. Our natural spaces are second to none. Families can enjoy a leisurely hike, bike ride or auto tour on one of our many scenic trailways. Take advantage of over 50,000 acres of wildlife areas, including our very own wetlands gem, Crex Meadows. A treat for kids and adults of all ages, Crex Meadows offers plenty of events throughout the year as well as one-of-a-kind opportunities for bird enthusiasts to witness spring and fall migrations. Seeing the Sandhill cranes "dance" is a sight not to be missed.

While here, enjoy a trip back in time at Forts Folle Avoine Historical Park. You and yours will experience a truly unique attraction that features two reconstructed trading posts. Offering tours from Memorial Day weekend through September, the Forts provide a glimpse into a time almost forgotten.

Throughout the year, Burnett County plays host to many incredible events. From air shows to the Watercross World Championships, families can experience premier events throughout the year.

If you're looking for lodging that is an experience in and of its own, Burnett County has you covered. Featuring quaint lodges, full-service hotels, bed-and-breakfasts, resorts and campgrounds, you're sure to find the perfect place to tuck the little ones in at the end of a fun day exploring.

For a true, family-friendly, affordable getaway, Burnett County is the best place to create lasting memories as your premier Northwest Wisconsin vacation destination.

# *the heart of* COMMUNITY

A constellation of villages and townships, each sporting their individual flare and personality, offer families unique tastes of our Burnett County culture.

As you cross over the flowing waters of the beautiful St. Croix River and into Wisconsin you'll be greeted by the warm and welcoming Village of Grantsburg. Home to one of the largest state owned wildlife areas, Crex Meadows, as well as miles of trails and riverway, Grantsburg is the perfect destination to unwind with friends and family while immersed in the beauty of nature.

A bit farther into the county lies Siren – but on your way to this amenity-packed village, be sure to stop at the Burnett Dairy Cheese Store for a bite to eat at the bistro and an ice cream cone to go. Teaming with activity, you'll find fine dining, a variety of shopping experiences and plenty of accommodations in Siren. Known throughout the county for its great family-friendly events organized by Chamber of Commerce businesses, be sure to bring enjoy making memories at the 4th of July events.

To the north discover the Village of Webster. Featuring quaint main street shops, Webster offers more unique shopping experiences. During the summer months be sure to take the family to an old-fashioned car hop drive-in and stop by one of the area's largest craft fairs. The second weekend in August marks Gandy Dancer Days and the Village will celebrate its 100th Anniversary all weekend long!

In the northernmost reaches of Burnett County lies Danbury, full of diverse shopping opportunities, an art gallery and several restaurants. Home to Forts Folle Avoine Historical Park and a state-of-the-art Tribal casino and hotel, Danbury is a juxtaposition of past and present. The St. Croix Chippewa Indians of Wisconsin have a strong influence in Burnett County and you'll find Tribal hosted events across the county such as the St. Croix Traditional Wild Rice Pow-Wow in August. Proprietors of the county's two casinos, they also own and operate SCT Travel, Fourwinds Market, St. Croix Chippewa Construction, St. Croix Chippewa Embroidery and Emerald Systems Technology Firm.

Down winding county roads, you'll also come upon a handful of smaller communities with much to offer. Webb Lake attracts motorsports enthusiasts to a busy sports shop offering everything needed for a fun Northwoods getaway. With a St. Patrick's celebration that swells a small community to almost 20 times its size, Webb Lake is a fun stop on your Burnett County tour. Just down the road from Webb Lake, you'll find the corner of A&H, featuring everything you'd need for a weekend getaway and more. To the south, the Trade Lake region is home to the Fish Lake Wildlife Area and many opportunities for loved ones and friends..

## FORTS FOLLE AVOINE HISTORICAL PARK

Step back in time at Forts Folle Avoine Historical Park. The entire family will enjoy this National Register of Historic Places Site on the banks of the Yellow River. Featuring two reconstructed fur trading posts and the Woodland Indian Village, The Forts is the only site of its kind. With authentic restorations, re-enactments and world-class events, just one afternoon spent here creates memories that will last a lifetime.

In 1969, this historic site of two 1800s fur trading posts was discovered just north of the Village of Webster. What was quickly identified as a truly unique and special historical discovery became Forts Folle Avoine. The Burnett County Historical Society was tasked with the restoration and future management of the historic property, and has succeeded in making The Forts a true destination for early Wisconsin and American history.

Open from May through September, and special events year-round, take advantage of the opportunity to see and experience exhibits and displays celebrating Ojibwe heritage, the history of the fur trade, an 1800s school house, a Quebec-style clay oven, logging museum and blacksmith shop.

Known regionally for hosting incredible events, Forts Folle Avoine attracts massive crowds for their annual Rendezvous, when several hundred historical re-enactors converge to bring the 80-acre park to life in true 19th century fur trading form.

Visitors are encouraged to both watch and participate in tomahawk, knife and spear throwing, and archery contests. Find a treasure as you wander through Trader's Row. Join them also for Yellow River Echoes, a living history of the fur trade experience, and also for Christmas at The Forts festivities.

For a truly interactive historical experience your family won't soon forget, be sure to stop by The Forts.

## ST. CROIX NATIONAL SCENIC RIVERWAY

Imagine an afternoon spent navigating one of the original eight National Wild and Scenic Riverways. Including both the St. Croix and Namekagon Rivers, the St. Croix National Scenic Riverway is forever protected as one of only two National Parks in Wisconsin.

Boasting nearly 80 miles of the riverway, Burnett County is home to multiple outfitters and rental companies, ready to make your trip down the beautiful waters as easy and seamless as possible. A paradise for families looking to unplug and unwind, the protected waters remain as pristine as ever, thanks to the efforts of the National Park Service and their supporting agencies.

Campsites scattered along the riverways enable canoeing, kayaking and fishing enthusiasts to spend not just hours, but days on one of the region's most beautiful assets.

# inspiring ART

With nature's beauty everywhere you look, it's no wonder the arts are a thriving industry in Burnett County. Down winding roads you'll find artisan potters and jewelry makers, cottage industries and artists who welcome visitors to share in the process of creation and the reverence of a completed work of art. Scattered in our small communities are truly unique art experiences and galleries, including a world-class copper gallery, an inviting potter's gallery and a one-of-a-kind photography gallery that showcases the work of children and teens living with mental illness. In each of these handmade pieces, you'll find a bit of the artist's perspective and influence from Burnett County.

Local art groups, including the Burnett Area Arts Group (BAAG), support local artisans in a shared creative space where collaboration is key. Many of these artists' creations can be found gracing the walls of local restaurants and coffee shops, and being bought and sold at local retailers. Arts Alive on 35, several times over the year, gives you another opportunity to meet the artists in person.

Craft fairs are abundant throughout the summer, with two particularly key events – the Arts & Crafts Extravaganza in Webster on the Saturday of Memorial Day weekend and the Voyager Village Arts & Crafts Show over Labor Day Weekend. The Northwestern Wisconsin Studio Tour, in late July, showcases artists in their home environment.

Performance art is alive and well in Burnett County. The Village Players Community Theatre puts on their annual production each summer, to rave reviews. A Burnett County legacy, the Jordan Buck, has been reimagined in larger-than-life form as a kinetic sculpture and makes appearances at many area events. Enjoy an evening with friends and family at Siren's Music in the Park and Grantsburg's Music by the Lake, June through August.

# to drink & EAT

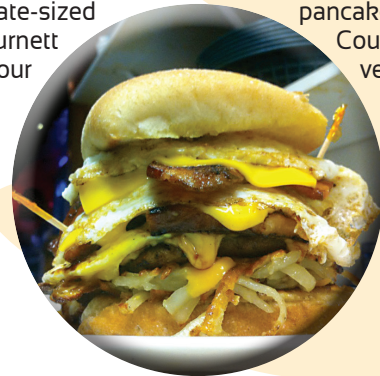

A trip to Burnett County isn't complete without a stop at one or two of our local dining establishments. From artisan delicatessens and fine dining restaurants to carhop drive-ins and Mexican food trucks, every member of your family will find their perfect bite to eat.

Friday nights in Burnett County are fish fry nights. Many local restaurants keep this tradition alive with battered walleye, cod and more. Grants-

burg and Webster are home to the county's two carhop restaurants featuring homemade root beer and menus reminiscent of the past. Coffee shops scattered across the county offer delicious breakfast and lunchtime fare that pair well with a mid-day caffeine pick-me-up. On certain summer days, you may pass by one or two of our local food trucks serving Mexican and American cuisine. At the crossroads of highways 35 and 70 in Siren, you'll find a fine dining experience with wood-fired pizzas.

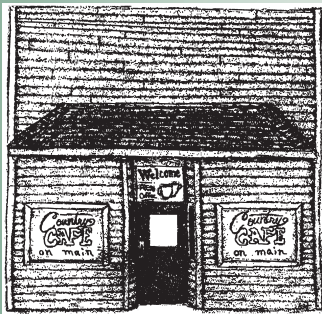

During your stay, stop at the local dairy for a bite to eat and finish it off with an ice cream cone. For a true Burnett County breakfast, stop by any of our main street diners for plate-sized pancakes and homemade biscuits and gravy. From breakfast and lunch to dinner and beyond, Burnett County offers families a multitude of dining options, each boasting a signature style, with our very own northwest Wisconsin flair.

# *spirited* WATERS *inspiring* WILDLIFE

Burnett County promises water enthusiasts of all levels an unforgettable vacation. Enjoy swimming with the family, honing your waterskiing skills and navigating the currents with friends. With the most miles of the St. Croix National Scenic Riverway, one of only two National Parks in Wisconsin and 14 smaller rivers, you have truly entered river country. Paddle through the most scenic places in the region as you navigate the Namekagon River through the northern barrens, or float leisurely down the Clam with rod and reel in tow.

As you travel throughout the county, you'll notice our lakes are as plentiful as our rivers. With 508 named bodies of water, you and your loved ones are sure to find the perfect spot to enjoy one another's company. Picture dipping your toes into the luke-warm water at the end of a wooden dock, the sounds of splashing and laughter as the young family members swim and play. Campfires underneath the stars as the dark water laps calmly on the shoreline - this is what vacations are made of. Pontoon rides spent with friends and family are a tradition, and with many motorsports vendors offering day-long pontoon rentals with drop off and pick up, there is no reason not to partake. If outboard motors and water sports are your cup of tea, Burnett County has many lakes over 1000 acres to explore.

Burnett County is your premier destination for wildlife enthusiasts of all types. Whether an admirer and a hunter, a birding enthusiast and beyond, you and yours will find the local wildlife as captivating as anywhere else in the region.

With a fair amount of regional trophy harvests, including the infamous Jordan Buck and record sturgeon catches, Burnett County is a great place for your next hunting and fishing excursion. With over 150,000 acres of public land comprised of state and county forests and wildlife areas, Burnett County has the acreage and wildlife stock you're looking for in a great hunting destination.

The incredible wildlife that is so abundant in Burnett County has become a beautiful backdrop for life in our small communities. The recognizable call of the loon, the cracking of twigs as doe and fawn meander through the forests, the excitement of spotting your first black bear as they begin to stir after a winter spent in hibernation - these are all experiences that every person should have - experiences that are all but guaranteed in our neck of the northwoods. With 11 wildlife areas, including Crex Meadows and the Namekagon Barrens, birding enthusiasts from around the country travel to Burnett County to see some of the most unique and beautiful North American birds as they migrate each season.

With abundant wildlife at every turn and public access to many of our breathtaking forests and lakes, Burnett County is a must see for wildlife enthusiasts from all walks of life.

## *pursuing* TROPHIES & winter FUN

With over 150,000 acres of public land at your disposal, you'll find some of the best hunting and fishing in Burnett County. Record trophy harvests, including the legendary Jordan Buck in 1914 as well as the State Record Hook and Line Sturgeon, attract visitors in search of their very own catch of a lifetime.

Fishing is a great family pastime for residents and visitors alike, no matter the season. On a hot summer day, cast your line out from the end of a dock and reel in enough pan fish to feed your entire family.

Responsible hunting is a tradition for all of Burnett County. Popular seasons include white tail deer, black bear, geese, ducks, ruffed grouse and wild turkey.

Winters in Burnett County encourage visitors to embrace the beauty and the cold of the season in some of the most exciting ways. With over 300 miles of well-groomed snowmobile trails, which connect to adjoining counties for an even more extensive network of trailways, an entire day spent traversing the countryside on your sled is not unheard of.

If a quiet jaunt down a wintery trail is more your style, there are plenty of opportunities for silent sport enthusiasts to get out and about in Burnett County. Spend some time on one of our seven scenic trails spread out around the county and enjoy an afternoon cross country skiing or snowshoeing.

An area tradition, the ice fishing experience is a sport in its own right. As soon as the lakes freeze over with a healthy layer of ice, take the family for an afternoon of fishing, skating and hot cocoa served from the warmth of an ice house. There's nothing like pulling a massive northern from the depths of an icy lake.

## scenic TRAILS & hit the LINKS

Family and friends will enjoy trail activities of all types and levels year-round in Burnett County. Arguably the county's most well-known trail is the Gandy Dancer. Following the path of a former railroad corridor, the 98-mile Gandy Dancer passes through the heart of Burnett County. With a limestone surface and level grade, this is the perfect trail to follow with the little ones in tow. Open to hikers and bikers year round, and snowmobiles in the winter, this multi-use trail hosts many organized rides and events throughout the year. Frozen ground use for ATV/UTV riders may also be available, however be sure to check the regulations currently in effect.

In addition to this well-known trail, Burnett County is home to over 300 miles of groomed snowmobile trails, 50 miles of summer ATV/UTV trails, and over 75 miles of cross-country skiing, snowshoeing and hiking trails. In the southern reaches of the county are the Timberland Ski trails - a scenic route not to be missed, while the western part of the county invites trail users down aisles of towering pines.

The newest addition to the already extensive trail system is the Jordan Buck Heritage Hike, a guided walking tour of Jim Jordan's legendary hunt. Follow the trail 1.3 miles down the Gandy Dancer, starting at Blueberry Junction Park in Danbury.

For affordable, quality golf opportunities, be sure to pencil in a trip to Burnett County. Our courses, set with a beautiful northwoods Wisconsin backdrop, are the perfect way to get outside and enjoy the outdoors with friends and family. In Siren, you'll find a scenic championship course designed with the avid golfer in mind, as well as a fun miniature golf course perfect for those golfers at the opposite end of the spectrum. Grantsburg features a municipal course.

Just north of Webster are three 9-hole courses with clubhouses - the perfect shelter from the heat on the links. Try your luck with the sand greens - the only course of its kind in Wisconsin.

If you're looking for country-club style golf, head towards Webb Lake for another championship 18-hole course with a full bar and restaurant, pro shop and more.

Take a stroll down our welcoming main streets and stop by book stores, gift shops, antique emporiums and more. If a major purchase is on the horizon, be sure to make a trip to one of our premier sporting goods outfitters and take a look at pontoons, snowmobiles, 4-wheelers and beyond.

Each one of our villages boasts a well-known shopping destination or two. In Grantsburg, stop by an outfitter or the Crex Meadows Visitor Center for a great local gift. In Siren, The Shops at the Lodge feature an eclectic and inviting gift

and home-decor shop, as well as a culinary store with top-of-the-line kitchen couture. When you make it to Webster, a local book store and quaint gift shop make must-stop destinations. In Danbury, you'll find home-made fudge and northwoods gift ideas in a Main Street shop.

Antiques and thrift stores offer residents and visitors alike the opportunity to pick through found treasures, while art galleries sprinkled throughout the county

showcase some of the finest pieces.

If hunting, fishing and the outdoors are a priority for your family, you'll find sporting goods of all sorts, including hunting and fishing equipment. If you're lucky, your cashier may tip you off to the latest honey hole rumors.

With shopping abound, you and your family are sure to discover the perfect treasure to bring home.

# destination WEDDINGS

Burnett County is truly a wedding destination throughout the region – and it's no surprise why. With world class wedding vendors and beautiful natural spaces that are second only to the bride, Burnett County offers enticing potential at a fraction of the cost. With more venues than you can count on one hand, including a renovated schoolhouse with southern charm, a cozy northwoods style lodge and amphitheater overlooking the Yellow River, you're sure to find a location that suits your personality and style.

Located just 1.5 hours from the Twin Cities, Burnett County is the perfect choice for a beautiful and affordable destination wedding. Make the trip to the annual Siren Destination Wedding Fair, always the last Sunday in January, to get the planning started.

## at your SERVICE

The backbone of our community, our local service-oriented businesses deserve a moment of appreciation. Often the unsung heroes of our local economy, these businesses provide locals and tourists alike valuable services on par with what is found in much larger cities. Many are family owned and in their second or third generation. There are no fly-by-night businesses here, just thoughtful and caring owners who would give you no less than the shirt off their back.

Healthcare needs are fulfilled at each of our small towns, with clinics across the county as well as one hospital, while veterinary services focus on four-legged family members. Construction and real estate services are plentiful, with experience working with travelers and visitors in the purchase or construction of a permanent northwoods getaway. Gas and service stations offer the conveniences you're used to with a friendly smile, while churches and religious institutions open their doors for travelers.
